

Best protection against microbial pinking

Introducing Sunbrella® Horizon™

Sunbrella Horizon engineered synthetic leather brings unparalleled style, comfort and performance to the water.

5
YEAR

LIMITED WARRANTY

5-Year Product Warranty

Sunbrella Horizon's 5-year warranty covers loss of strength or color due to normal usage and exposure, and resistance to mildew and atmospheric chemicals.

3
YEAR

LIMITED WARRANTY

3-Year Microbial Pink Staining Warranty

Sunbrella Horizon's industry-leading 3-year warranty protects against microbial pinking.

Premium performance on the water

Resists Microbial Pinking

Sunbrella Horizon's proprietary top coat ensures exceptional bacterial stain-resistant performance and protection against pink stains.

Fade & UV Resistant

Sunbrella Horizon is manufactured with highly UV-stable pigments, making them resistant to fading and the degrading effects of sunlight.

4-Way Stretch & Recovery

Sunbrella Horizon's knit-backed construction gives it exceptional 4-way stretch that prevents misshaping and puddling, provides long-term comfort and performance, and allows for easy upholstery.

Mold & Mildew Resistant

All Sunbrella fabrics are resistant to mold and mildew. Should exposure to dirt, debris, sun lotion, or other environmental elements cause mold or mildew to occur, simply spot clean with a bleach solution.

Resists Cold-Cracking

Sunbrella Horizon provides a strong shield against the cold, warding off brittleness in temperatures as low as -20°F.

30+ Styles in 2 Embossing Patterns

The color pigments used in Sunbrella Horizon seamlessly match the yarn colors used in Sunbrella marine and upholstery fabrics, allowing customers to curate and personalize to fit their style.

Weather Resistant

Engineered to withstand Mother Nature, Sunbrella® fabrics are long-lasting and resist the damaging effects of sun, rain, snow, and humidity.

Ultra-Soft Hand

Sunbrella Horizon's durability is matched only by its incredible softness and comfort, making it an industry best.

Easy to Clean & Stain Resistant

With a proprietary finish that won't wash away, Sunbrella fabrics repel stains. When life happens, blot spills with a clean, dry cloth and use mild soap and warm water to remove.

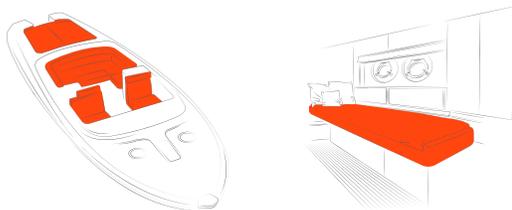

Waterproof

Sunbrella Horizon is waterproof, protecting against moisture buildup (e.g. sea spray, rain, humidity, sweat) and providing a wipe-clean option for marine upholstery seating.

Marine Applications

Sunbrella Horizon is ideal for marine upholstery applications, including pilot chairs, sofa cushions, bench seating, and sunpads. Plus, Sunbrella Horizon is easy to work with when fabricating.

Simple Care and Cleaning

Most messes can be wiped down using a clean, dry towel.

- Do not use abrasive cloths or cleaners as to avoid surface damage.
- For regular cleaning and maintenance, use a water-based solvent, isopropyl (rubbing) alcohol, or a non-abrasive cleaner.
- For stubborn spots, or to disinfect, use a bleach solution.
